

Unacceptable Waste – Any and all waste that is either:

- A. Waste which is now or in the future prohibited from disposal at a sanitary landfill by state or federal laws or the regulations promulgated thereunder;
- B. Hazardous waste, as defined herein;
- C. Special waste, as defined by the laws of the United States or the State of Texas or the regulations promulgated thereunder;
- D. Tires, concrete, and bulk petroleum or chemical products or by-products;
- E. Septic tank pumping and grease and grit trap wastes;
- F. Sludge waste, including water supply treatment plant sludges and stabilized and/or unstabilized sludges from municipal or industrial wastewater treatment plants, except for sludge from the City's waste water treatment plant and ancillary activities;
- G. Medical waste, including infectious or pathological waste from laboratories, research facilities, and health and veterinary facilities, and sharp objects such as syringes that are not in a protective sealed container;
- H. Liquid waste, which for the purposes of this Contract means any waste material that is determined to be or contain "free liquid" by the paint filter test (EPA Method 9095);
- I. Waste from an industrial process;
- J. Waste from a pollution control process;
- K. Waste transported in a bulk tanker;
- L. Friable and/or non-friable asbestos waste;
- M. Empty containers which have been used for pesticides, herbicides, fungicides, or rodenticides; or containerized waste (e.g., a drum, barrel, portable tank, box, pail, etc.) of a type listed in this definition;
- N. Residue or debris from the cleanup of a spill or release of chemical substances, commercial products or other wastes listed in this definition;
- O. Soil, water, residue, debris or articles which are contaminated from the cleanup of a site or facility formerly used for the generation, storage, treatment, recycling, reclamation, or disposal of wastes listed in this definition, including soil contaminated from underground storage tanks used or formerly used for the storage of petroleum products;
- P. Any waste that requires other than normal handling, storage, management and/or disposal, as determined by the Director including out of county waste (except by Director approval);
- Q. Dead animals and/or slaughterhouse waste, except for animals euthanized under the authority and direction of the City; or
- R. Any waste which because of its quantity, concentration, frequency of disposal, required disposal procedures, regulatory status, or physical, chemical infectious or other characteristics jeopardizes or may jeopardize the environmentally sound operation of a disposal site, as determined by the Director.
